*Bright  
New Ideas From  
Hollowick!*

- Simulates traditional candlelight when a live flame is inappropriate
- Unique dual LED process creates more realistic flicker
- Stays brighter longer than similar sized LED tealights & votives
- Safe – No flame or heat
- No wax mess to clean up
- Easy to operate
- Battery powered
- Uses a replaceable CR2450 lithium coin cell battery or use as a disposable

Hollowick, Inc. is pleased to announce **Hollowick FX™**, a new line of flame free lighting solutions.

Hollowick FX™ products are ideal anywhere there is a need for intimate lighting, but where a live flame may be inappropriate. Hollowick FX™ products would be appropriate for caterers, cruise lines, nightclubs and outdoor dining – practically anywhere there is a concern using traditional candlelight.

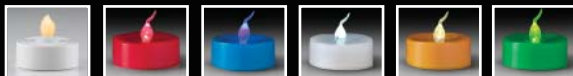

The main product in the Hollowick FX™ line is a 50-hour LED tealight. **Utilizing a unique dual-LED circuitry**, the Hollowick FX™ 50-hour LED Tealight provides a more realistic appearance and flicker compared to similar LED tealights & votives.

In addition, the Hollowick FX™ line features a line of 35-hour color LED tealights. Available in five colors, Hollowick FX™ Color LED tealights are ideal for parties and events when the restaurateur wants to tie subtle splashes of accent lighting into the theme or color scheme.

All Hollowick FX™ products feature the following benefits:

- Safe – No Flame Or Heat
- No Wax Mess To Clean Up
- Easy To Use
- Convenient, Shelf-Friendly Packaging

50-hour LED tealight

Overall appearance of Hollowick FX™ products may vary depending upon the ambient lighting of the room these products are used in.

# Hollowick FX™ 35 Hour Color LED Tealights

- Provides compact accent lighting when a more colorful solution is desired to tie into a particular theme or décor
- 5 colorful selections: red, blue, white, orange and green
- Safe – No flame or heat
- No wax mess to clean up
- Easy to operate – unique “touch and glow” activation
- Battery powered
- Disposable

For an even more colorful effect, try the color LED's in Hollowick's thick colored tealight lamps with jewel finish.
