TIANI

DESIGNED BY SIMON PENGELLY

TIANI is a collection designed by Simon Pengelly to provide a suite of multipurpose chairs for the corporate and leisure contract markets. TIANI will compliment a contemporary interior whilst blending aesthetic simplicity with comfort and durability. The chrome plated steel frames are finished to the highest standard and feature a cantilevered back which, with the ribbed upholstery, provides a flexible lumbar. The chairs are available in

leather or a wide selection of Burgess fabrics and the arms are leather covered. All models have a sprung webbed seat whilst the **02/1** and **02/2** incorporate a moulded plastic seatpan to allow seat stacking without marking, a trolley is available to enable the chairs to be handled and transported easily. The **02/3** easychair and occasional table are ideal for reception and breakout areas.
